Teams Phone Health Check

Optimize your Teams Phone performance and maximize ROI

Our Teams Phone Health Check provides a comprehensive assessment of your Microsoft Teams Phone environment to uncover issues and optimize your setup.

✔ **Reduce costs** — Generate immediate ROI by optimizing licensing, your tenant and phone services

✔ **Improve efficiency** — Uncover opportunities with an analysis of key phone and calling metrics

✔ **Improve communication** — Identify and resolve quality and call flow issues across networks

Teams Phone Health Check includes:

- **Licensing Review**
- **Optimization & Configuration**
- **Call Quality and Network**
- **Performance**
- **Advanced Call Flow Review**
- **Recommendations Report**
- **Phone Gap Analysis Workshop**

Backed by Microsoft MVPs

Our team of Microsoft experts works with companies around the world to optimize Microsoft Teams Phone deployments.
